PRO SOLUTIONS

PowerGard Easy Reach Crawling Insect Surface Spray

Mortein PowerGard Easy Reach Crawling Insect Surface Spray 350g is our surface spray featuring 2X spray nozzle positions – a normal direct spray setting with the extension nozzle folded down & an Easy Reach position with the nozzle extended to spray hard to reach places where insects may hide. Spray directly onto insects for a fast kill in 1 spray or spray indoor surfaces to protect your office for up to 9 months.

KEY FEATURES

- Kills crawling insects in a single spray.
- Protects your family home from crawling insects for up to 9 months indoors
- Helps you kill insects where they hide in hard to reach places
- 2X spray settings: direct & easy reach setting

SAFETY INFORMATION

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. EXTREMELY FLAMMABLE. DO NOT STORE OR USE NEAR FIRE OR FLAME. DO NOT SMOKE DURING USE. Do not spray into the air, only spray on surface or hard to reach places such as cracks and crevices. Do not spray directly onto humans, pets, exposed food, water, food preparation areas or food utensils. Do not spray near eyes or towards the face. Surfaces may become slippery once sprayed. Remove or cover fish tanks before use. Care should be taken not to spray delicate fabrics or furnishings and plastic surfaces without prior testing.

SAFETY DIRECTIONS: May irritate the eyes and skin. Avoid contact with eyes and skin. Do not inhale spray mist. Wash hands after use. (Precautions, beware statement and safety directions must be in a box)

BEWARE: Deliberately sniffing or inhaling concentrated spray can be harmful or fatal.

Silverfish

INSTRUCTIONS

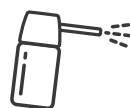

DIRECT SPRAY:

Shake well before using. Fold the nozzle to the down position. Spray directly at insect for a fast kill on cockroaches.

SURFACE PROTECTION:

Shake well before using. Fold the nozzle into the down position. Ensure all sources of ignition are extinguished. Hold about 15-20cm from surface. Spray infested areas such as skirting boards, kitchen cupboards, hot water pipes under sinks and hot water tanks. Once sprayed, the residual action kills continuously for up to 9 months on indoor surfaces to help to provide long term protection against cockroaches for you and your family.

EASY REACH:

Shake well before using. Raise nozzle into the up position and spray hard to reach cracks and crevices where cockroaches hide such as under kitchen appliances.

ACTIVE INGREDIENT

2.0g/kg Cypermethrin, 0.7g/kg Imiprothrin
